

PreQualis at TATRAVAGÓNKA a.s.

TATRAVAGÓNKA, a.s. has introduced a new prequalification system for suppliers PreQualis.

PreQualis system represents a modern solution for effective management of supply relationships, easement of procurement processes and also for lowering risks connected to supply chain.

For an existing supplier it is an opportunity to effectively inform buyers about its all products and/or services.

For a new supplier, the registration is an opportunity how to introduce not only its company but also the whole portfolio of its products and/or services directly to potential buyers.

To begin the registration in PreQualis system, click please on:
